Healthy Is the New Skinny Katie H. Willcox, 2017-01-17 We live in a world where beauty is everything. Society tells us that if we just looked a certain way, if we had the right products, if we were skinny enough, then we would be enough—we would have value. Society is wrong, but it took Katie H. Willcox years to understand this: “Over the course of my 30 short years, I have both worked as a professional model and been the exact opposite of our culture's beauty ideal. I have struggled with my weight and felt like I didn't and never would fit in. Then I had a powerful realization: my misery and self-loathing didn't change with my weight or how 'pretty' society thought I was, so my looks weren't the source of happiness and worth

that I had believed them to be. But then, what was? And how had I come to invest so much of myself in beliefs that were so untrue?" In these pages, Katie shares the lessons she learned in her journey to find the answers to these questions. She reveals who gains from our feeling small and why we need to examine the messages we receive from our culture and our families. She explains how we can redefine beauty, make healthy the new "skinny," and harness the power of our thoughts to choose self-love. Katie encourages us to discover our true magnificent selves, find our purpose, and pursue our dreams—and help others to do the same. Join the movement! Crooked Cathryn Jakobson Ramin, 2017-05-09 The acclaimed author of *Carved in Sand*—a veteran investigative journalist who endured persistent back pain for decades—delivers the definitive book on the subject: an essential examination of all facets of the back pain industry, exploring what works, what doesn't, what may cause harm, and how to get on the road to recovery. In her effort to manage her chronic back pain, investigative reporter Cathryn Jakobson Ramin spent years and a small fortune on a panoply of treatments. But her discomfort only intensified, leaving her feeling frustrated and perplexed. As she searched for better solutions, she exposed a much bigger problem. Costing roughly \$100 billion a year, spine medicine—often ineffective and sometimes harmful—exemplified the worst aspects of the U.S. health care system. The result of six years of intensive investigation, *Crooked* offers a startling look at the poorly identified risks of spine medicine, and provides practical advice and solutions. Ramin interviewed scores of spine surgeons, pain management doctors, physical medicine and rehabilitation physicians, exercise physiologists, physical therapists, chiropractors, specialized bodywork practitioners. She met with many patients whose pain and desperation led them to make life-altering decisions, and with others who triumphed over their limitations. The result is a brilliant and comprehensive book that is not only important but essential to millions of back pain sufferers, and all types of health care professionals. Ramin shatters assumptions about surgery, chiropractic methods, physical therapy, spinal injections and painkillers, and addresses evidence-based rehabilitation options—showing, in detail, how to avoid therapeutic dead ends, while saving money, time, and considerable anguish. With *Crooked*, she reveals what it takes to outwit the back pain industry and get on the road to recovery.

Unashamed Leah Vernon, 2019-10-15 A Muslim woman's searingly honest memoir of her journey toward self-acceptance as she comes to see her body as a symbol of rebellion and hope—and chooses to live her life unapologetically. Ever since she was little, Leah Vernon was told what to believe and how to act. There wasn't any room for imperfection. 'Good' Muslim girls listened more than they spoke. They didn't have a missing father or a mother with a mental disability. They didn't have fat bodies or grow up wishing they could be like the white characters they saw on TV. They didn't have husbands who abused and cheated on them. They certainly didn't have secret abortions. In *Unashamed*, Vernon takes to task the myth of the perfect Muslim woman with frank dispatches on her love-hate relationship with her hijab and her faith, race, weight, mental health, domestic violence, sexuality, the millennial world of dating, and the process of finding her voice. She opens up about her tumultuous adolescence living at the poverty line with her fiercely loving but troubled mother, her absent dad, her siblings, and the violent dissolution of her 10-year marriage. Tired of the constant policing of her clothing in the name of Islam and Western beauty standards, Vernon reflects on her experiences with hustling paycheck to paycheck, body-shaming, and redefining what it means to be a "good" Muslim. Irreverent, youthful, and funny, *Unashamed* gives anyone who is marginalized permission to live unapologetic, confident lives. "Vernon's determined advocacy for body positivity as a feminist and mental health issue, and her painful journey to self-acceptance, are moving and powerful, forcing readers to examine their own preconceptions about beauty standards and health." —Booklist
